WHO WE ARE

A manufacturing platform built on food safety and consistency.

Domadora is an Egyptian meat and poultry manufacturing company producing premium, locally sourced products for retail, food-service and institutional customers across Egypt.

Beyond our own retail brands, Domadora operates as a manufacturing platform — bringing disciplined production, structured food-safety systems and scalable capacity to partners who need a dependable manufacturer behind their own brand.

“To produce safe, high-quality food products through disciplined manufacturing, responsible sourcing, and operational efficiency.”

— OUR MISSION

ORIGIN

Egypt

FOCUS

Meat & Poultry Manufacturing

CORE EXPERTISE

Processing, Ready-to-Cook & Frozen Solutions

PLATFORM ROLE

Manufacturer behind trusted retail brands and private-label partners

WHAT WE DO

A full manufacturing platform, raw material to branded product.

Manufacturing

Production and processing across our meat & poultry lines.

OEM & Private Label

Manufacturing finished products under your brand.

Product Development

Recipe and specification support from concept to sample.

Packaging

Customer-specific formats, sizes and label specifications.

Quality & Food Safety

Structured hygiene, control and consistency systems.

Supply & Distribution

Nationwide logistics and cold-chain handling.

WHY CUSTOMERS CHOOSE US

Manufacturing discipline customers can rely on.

Modern Production Lines

Structured processing lines for meat & poultry manufacturing.

Strict Hygiene & Quality Control

Food-safety systems applied across production.

Trained Workforce

Skilled production teams following defined procedures.

Scalable Operations

Operational capacity built to grow with demand.

Cold-Chain Commitment

Controlled storage and cold-chain logistics.

Nationwide Supply Network

Logistics network reaching customers across Egypt.

You build the brand. We manufacture the product.

Bring us your product idea, recipe, specification, packaging concept or existing brand. Our manufacturing platform is built to turn it into a consistent, market-ready product — packed under your label.

COME TO US WITH

An existing product

packed under your brand.**

- Developed to your specification
- Manufactured under quality control
- Packed to your brand requirements

What we can support, start to finish.

Product Development

- Recipe development & customization
- Ingredient selection
- Product specifications
- Sensory & product optimization

Manufacturing

- Production & processing
- Quality control
- Batch consistency
- Scale-up support

Packaging

- Customer-specific packaging
- Pack sizes & formats
- Label specifications
- Retail-ready presentation

Supply

- Production planning
- Batch production
- Cold-chain handling
- Delivery coordination

HOW OEM WORKS

From brief to delivery, in eight defined steps.

01

Brief

Customer shares product idea & requirements

02

Product Development

Recipe, specification & product development

03

Sampling

Samples developed and reviewed

04

Approval

Final product, spec & packaging approved

05

Production

Commercial-scale manufacturing

06

Quality Control

Testing, inspection & batch release

07

Packing

Finished product packed under your brand

08

Delivery

Ready for distribution, retail or food service

What we manufacture.

Categories reflect Domadora's current manufactured range under its own retail brands.

WHY PRIVATE LABEL WITH US

The benefits of building your brand with Domadora.

Faster Market Entry

Launch products without investing in your own manufacturing infrastructure.

Lower Capital Investment

Leverage existing manufacturing capabilities.

Product Flexibility

Develop products around your market and customer requirements.

Consistent Quality

Maintain defined product specifications across production batches.

Scalable Supply

Support growth from initial launch to larger commercial volumes.

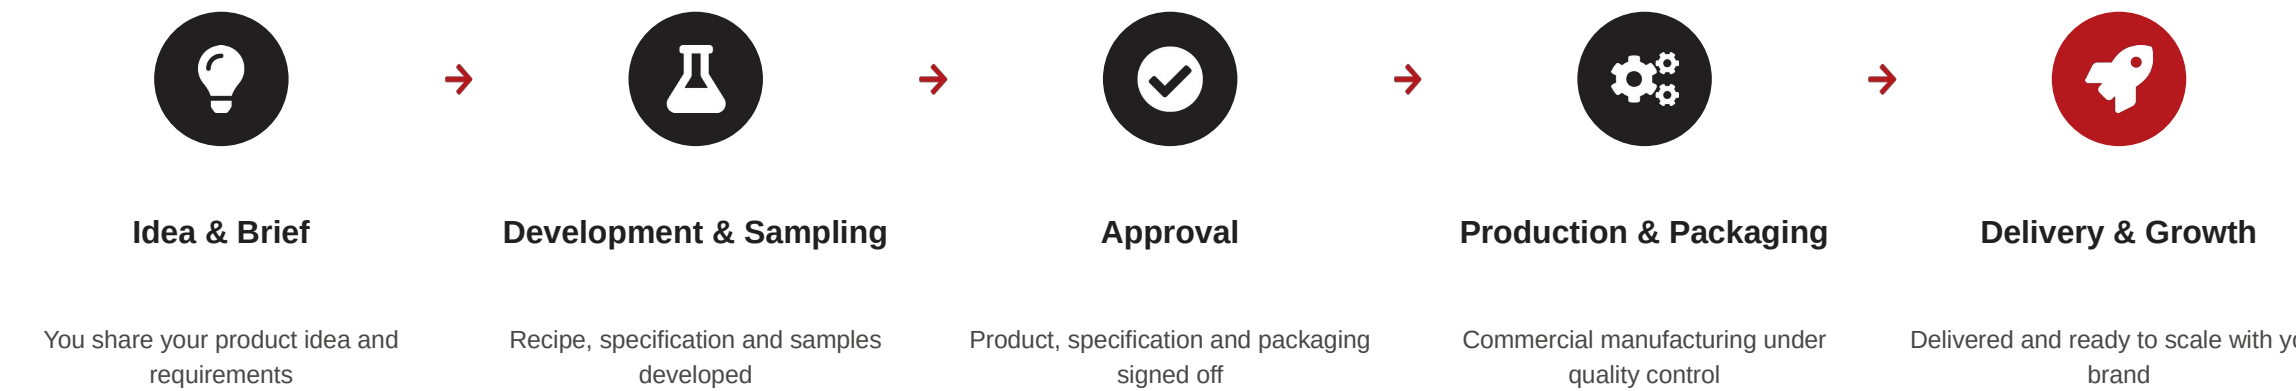

One Manufacturing Partner

Development, production, packaging and supply coordinated in one place.

PARTNERSHIP MODEL

We are not a factory.
We are a manufacturing partner.

You build the brand. We manufacture the product — with one partner accountable from idea to delivery.

WHO WE SERVE

Built to serve serious B2B customers.

Retail & Supermarkets

Food Service & Restaurants

Hotels & Catering

Distributors & Wholesalers

Food Brands & Importers

Institutional & Bulk Supply

Domadora also supplies dry food, fresh & frozen meat, and frozen poultry to major companies and institutions across Egypt, supported by a nationwide logistics network.

OUR COMPETITIVE ADVANTAGE

Why manufacturers choose to partner with Domadora.

Manufacturing Expertise

Flexible OEM Approach

Product Development Support

Consistent Quality & Food Safety

Reliable & Scalable Supply

Customer-Specific Solutions

Professional Partnership Approach

Let's Build Your Next Product.

Tell us about your product, target market and requirements. Our team can help you move from concept to market-ready product.
